

WATER DEPTH GUIDE

SIGNATURE CHAIR DESIGNED FOR UP TO 9" OF WATER

HOW TO MEASURE YOUR LEDGE DEPTH

Place the starting edge of the ruler on the ledge's surface. Where the waterline hits the ruler is your ledge's water depth. TIP: always measure your when your pool water is at capacity.

- **6.5" CHAIR SEAT HEIGHT:** The Chair's seat is 2.5" in height. Using the Chair in water depths up to 2.5" will allow you to remain mostly dry.
- **4"-9" IDEAL WATER DEPTH:** The ideal depth for the perfect mix of above water and in-water relaxation.
- **9"+ DO NOT USE:** Floating and bobbing will occur. Do not use the Chair in water depths over 9". Instead, consider the Chaise Deep.
